

# MobileOffice D430 Plus

## ❖ SOFTWARE

### DocAction

**Plustek DocAction**  
Button utility to simplify document scanning. DocAction enables you to specify your personalized scanning configuration settings and scan documents with the click of a button. Scanned documents are automatically sent directly to Printer, Email, Folder or FTP. DocAction also enables you to scan directly to many imaging and document management applications. DocAction saves scanned documents in all common imaging formats including JPEG, TIFF, and PDF.

## ❖ BUILT-IN OCR

### Plustek OCR

**Plustek OCR \***  
Plustek OCR (powered by ABBYY) helps to convert scanned paper documents, photos, and PDF files into editable formats. With Plustek OCR, you can convert paper documents to editable formats, including Microsoft® Word®, and Excel®, edit resulting documents, and reuse their text and other content.

**plustek**

MobileOffice Series

## Duplex Compact Mobile Document Scanner Compatible with The Way You Work

**Plustek MobileOffice D430 Plus**, a portable duplex scanner with hyper fast scanning speed, has perfect design for front desk usage. **MobileOffice D430 Plus** offers extremely compact, ergonomic design to minimize the scanner foot print and makes it easy to place the scanner in a narrow or corner spot.

**MobileOffice D430 Plus** has included software document management and Optical Character Recognition software suite allows you to easily scan and manage your documents. DocAction single touch scanning and industry standard TWAIN drivers ensure compatibility with thousands of scanning and imaging programs including: document management, healthcare ERM, financial, and thousands of other image enabled applications. These features make the **MobileOffice D430 Plus** a powerful document management solution to meet any requirement

## ❖ KEY FEATURES

- Flexible handling paper system ejects documents from the rear or top of scanner.
- Suitable for credit card, driver's License, ID card, medical cards, membership cards and immigration cards scanning.
- TWAIN /scan driver included.

Ideal for Card and Variety Documents Scanning

Besides any A4 or legal size documents, MobileOffice D430 Plus is designed for scanning cards up to 1.2mm thick including credit card, driver’s License, ID card, medical cards, membership cards and immigration cards.

Flexible Paper Handling

The unique paper handling system provides a choice of eject options. You can eject documents out of the rear or top of the scanner. Cards are returned to the front of the scanner or ejected to the rear.

Each Profile Contains All Setting You Need

Through a simple setting, you can make the function buttons to execute the function you wish. Possible functions by various setting include OCR/BCR, resolution, etc. After finishing your favorite setting, to scan in Simplex/Duplex only needs to press the One-Touch Button.

1 Auto Threshold

Automatically threshold the current image into a binary black and white image.

2 Auto Rotate

Automatically rotates document based on the contents of the document.

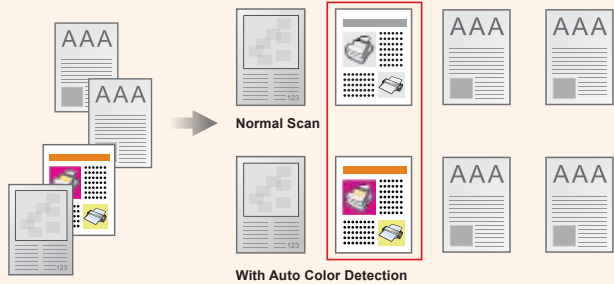

3 Auto Crop & Deskew

Automatically straightens and crops image to the documents actual size.

4 Auto Color Mode

Automatically detects document color and scans document in color, grayscale or black & white mode.

5 Multi-Image Output

Scans and saves documents in 2 or 3 color modes at same time.

Ideal Receptionists Tool for Your Digital Transformation

The MobileOffice D430 Plus is a great solution for scanning patient registration documents and insurance cards. The small footprint and unique paper exit system enable it to be used on crowded registration desks.

Save paper documents as searchable PDFs at the touch of a button and find your information faster.

Optical Character Recognition function that helps to convert scanned books and paper documents into searchable PDF and Microsoft Office file formats.

Automatically straightening an image that has been scanned, to make the scanning job more pleasant and enjoyable.

Provide automatically removal of the outer parts of scanned image, to improve framing without using any extra image editing software.
